TUCK'S POST CARD

CARTE POSTALE. POSTKARTE.

By Appointment.

Moel Siabod is a rocky and precipitous mountain in the neighbourhood of Capel Curig. It attains a height of 2,860 feet, and though the climb is somewhat difficult owing to the steepness of the sides and the loose rocky fragments, the tourist who essays the ascent (which is best effected from Capel Curig or Dolwyddelen) is amply repaid by the magnificent views of Snowdonia and North Wales attained from this altitude.
